- **Since each scholarship sponsor emphasizes different credentials, all applications will be thoroughly & fairly screened for specific strengths required by individual sponsors; and the most appropriate scholarship will be awarded.**
- **Once the selection process is completed, one half of the scholarship will be distributed toward the end of the fall semester; and the other half will be distributed toward the middle of the following spring semester. For this reason, recipients must take care of their financial dues by themselves; and then they will be reimbursed.**
