Buffalo Wild Wings

It all started in 1982 with one restaurant in Columbus, OH. Since then we've grown to have a store in every state in the U.S. and continue to open B-Dubs around the world (you're welcome, Earth).

But really, all you need to know About Us is these three things: Wings. Beer. Sports. Why do those three things matter to us so much? Because that's what our fans want, and that's what we're all about making our fans happy.

No matter how many locations we've opened, where our corporate headquarters are or how many years we've been around one thing remains the same: Buffalo Wild Wings is the ultimate place to get together with your friends, watch sports, drink beer and eat wings.

Still reading? Wow, you must be bored. How about some trivia: baseball hats used to be made out of straw. The oldest recipe ever discovered was for beer. Buffalo wings were invented by samurai. We made one of those up.

There you have it. If you love wings, beer and sports like we do, then this is the place for you. If you don't like any of those things... we still might have something you'd like.
