		<p>Modarator: Dr. Mohamed Abdel Aty, UCF</p> <p>Presenter 1. Professor Kaan Ozbay, Tandon School of Engineering Title: Data-driven Transportation Incident/Emergency Planning and Operations in the Age of Smart and Connected Cities (Invited speech)</p> <p>Presenter 2. Jeremy Dilmore , Florida Department of Transportation Title: Florida Connected and Autonomous Vehicle Efforts (Invited speech)</p> <p>Presenter 3. Samiul Hasan, Asst Prof. UCF Title: Applications of Deep Learning Techniques for Smart Traffic Management and Operations</p> <p>Presenter 4. Lisingsha Yue (Yueli), PhD student, UCF Title: Safety Benefits of Advanced Driver Assistant Systems and Intelligent Transportation Systems in Future Smart City</p> <p>Presenter 5. Jinghui Yuan, PhD candidate, UCF Title: Arterial-Level Real-Time Crash Risk Prediction Using Deep Learning</p>
16:00	17:00	Panel discussion-1 (RCHM 111)
		IBM Panel Topic: Governments putting smart to work for innovative transformation, citizen engagement and social impact.
		Panel discussion-2 (Disney Dinning Room)
		Topic: Smart Tourism
		<p>Moderator: Dr. Tingting Zhang, UCF</p> <p>Panelist 1. Professor Daniel R. Fesenmaier is Director, National Laboratory for Tourism & eCommerce (NLTeC) and teaches in the MBA program at Modul University Vienna.</p> <p>Panelist 2. Professor Dimitrios Buhalis is the Director of the eTourism Lab and Deputy Director of the International Centre for Tourism and Hospitality Research, at Bournemouth University in England.</p> <p>Panelist 3. Dr. Timothy Jung is the Founder and Director of the Creative AR & VR Hub and Head of MMU AR & VR Research Group at Manchester Metropolitan University, UK.</p> <p>Panelist 4. Dr. Ahmet Ozturk is Associate Professor at Rosen College of Hospitality Management, UCF.</p> <p>Panelist 5. Dr. Arthur Huang are Assistant Professor at Rosen College of Hospitality Management, UCF.</p>
17:00	19:00	Beer & Wine Social (Disney Dining Room)
THURSDAY - MAY 2, 2019		
7:30	8:30	BREAKFAST AT ROSEN COLLEGE (Disney Dining Room)
8:30	9:30	Keynote speech-2 (Disney Dining Room)
		Dr. Sajal Das Title: Designing Sustainable Smart and Connected Communities
		Dr. Sajal Das, Professor of Computer Science and Daniel St. Clair Endowed Chair at Missouri University of Science and Technology
9:30	10:00	Refreshment Break+Poster Session 1 (Rosen Courtyard)

REGISTRATION

**1st International Conference on Smart Tourism, Smart Cities and Enabling Technology
(The Smart Conference)**

		<ol style="list-style-type: none"> 1. “Smart Operations of Municipal Utility Parks – A Water, Energy, Waste Nexus Approach” Qipeng Zheng, Mengnan Chen and Ni-Bin Chang 2. “Inclusive Security is Better Security” Da Kim and Paul Gazzillo 3. “Predicting Potential Road Conflicts by Smartphone Sensor Data Fusion” Jiheng Huang, Shaurya Agarwal and Mohamed Abdel-Aty 4. “Developing a Pedestrian Behavioral Mobility Model for Urban Facilities” Saumya Gupta and Mohamed Zaki 5. “Rate/Magnitude-limited Optimal Control Design with Application to Microgrid Curtailment Mitigation” Roland Harvey, Zhihua Qu and Toru Namerikawa 6. “Impacts of Integrating Topology Reconfiguration and Vehicle-to-Grid Technologies on Distribution System Operation” Zhaomiao Guo 7. “Smart Power Control Devices - Gapless Ferromagnetic Core Variable Reactor” Subash Pokharel and Aleksandar Dimitrovski 8. “Coordinated Voltage Regulator Control in Systems with High-level Penetration of Distributed Energy Resources” Shahrzad Mahdavi and Aleksandar Dimitrovski 9. “Modeling of Inverter-based Sources Under Fault Conditions” Md Arifin Arif and Aleksandar Dimitrovski 10. “Adaptive Visual Tracking and Acquisition for VLC” Pooya Nabavi and Murat Yuksel 11. “Wearable multifunctional sensors based on a composite film” Pawan Pathak, Sanghoon Park and Hyoung J. Cho 12. “Impact Studies and Cooperative Voltage Control for High PV Penetration” Michael Rathbun, Ying Xu, Reza Roofegari Nejad, Zhihua Qu and Wei Sun 				
10:00	11:20	Thematic Session-2 (Disney Dining Room)				
		Dr. Ivan Garibay THEME: Using Big Data to Catalyze Innovation and Economic Prosperity in Smart Cities
