

Certificate in Beverage Management

Coming Fall 2021!

About

In this certificate program, students will develop an understanding of beer, wine, and spirits, and learn key concepts, strategies, and practical skills relevant to the successful management of beverage operations in a restaurant, bar, or other food and/or beverage business. An optional sales, marketing, and distribution elective will be helpful to students seeking a career beyond beverage operations.

Requirements

15 total semester hours with minimum grade and average GPA requirements:

- 9 hours required courses
- 6 hours restricted electives

For courses with a tasting component (C-designation): Minimum age 21 on first day of class. Students at least 18 but under 21 with CI.
