

STUDY ABROAD PROGRAM | SUMMER 2024

"A Taste of Europe" Italy, Spain & Portugal

Are you looking to broaden your culinary knowledge and global insight?

The Rosen College of Hospitality Management invites you to experience a "Taste of Europe" throughout Italy, Spain and Portugal! Students will learn the European approach to culinary studies, as well as gain food and beverage knowledge on a variety of specialty products - including a wide array of cheese, wine, fish and sweet delicacies.

While abroad, students will engage with international food and beverage professionals, sample local products and participate in hands-on culinary exercises. All participants are expected to remain engaged in the experience as they try new things - foods, beers, and wines.
